About Us

The Anova Difference

Our mission is to design and manufacture beautiful, comfortable outdoor furniture that helps communities come together.

BUT THAT'S NOT ALL

Anova strives to be a leader not just in our industry, but in the landscape architecture community as well. We partner with a variety of organizations that share our passion for design, sustainability and service. We also have created two separate grant programs that support the education and career development of landscape architects.

AMERICAN SOCIETY OF LANDSCAPE ARCHITECTS (ASLA)

Anova is proud to be a corporate member of the American Society of Landscape Architects - an example of our commitment to landscape architecture and the community. ASLA members work together to lead the stewardship, planning, and design of our natural environments and communities, and to advance landscape architecture through advocacy, communication, education and fellowship.

ANOVA GRANT FOR THE ASLA ANNUAL MEETING

Each year, Anova awards grants to emerging professionals in landscape architecture to fund their participation in the ASLA Annual Meeting. View our 2018 grant winners here: *anovafurnishings.com/2018ASLAGrantWinners*.

LANDSCAPE ARCHITECTURE FOUNDATION

Anova is proud to sponsor the mission of the Landscape Architecture Foundation (LAF) to preserve, improve, and enhance the environment. We offer support for the continued success of LAF's research, scholarship, leadership programs, and initiatives.

CLARB AND THE LANDSCAPE ARCHITECT REGISTRATION EXAMINATION (L.A.R.E.)

The Council of Landscape Architectural Registration Boards (CLARB) works to protect the public's health, safety and welfare by establishing and promoting professional licensure standards. CLARB members prepare, administer and score the Landscape Architect Registration Examination (L.A.R.E.).

ANOVA GRANT FOR LARE

This year with support from CLARB, Anova created a grant program to help individuals achieve the legal recognition of becoming a licensed landscape architect. Learn more at *anovafurnishings.com/2019LAREgrant*.

SAM FOX SCHOOL OF DESIGN & VISUAL ARTS

Anova works in close contact with Washington University in St. Louis' acclaimed Sam Fox School to bring academics and professional design together. Through Masters program course support aimed at creating design concepts to rehabilitate under-maintained public spaces, as well as sustainable design courses and public lecture series, Anova continues our mission to build and strengthen communities and support upcoming designers.

Eric Gilbert — CEO of Anova

"We believe supporting design professionals is our fastest path to a better world."

Green & Lean

Our Eco Footprint

Anova is committed to creating high-design, fine quality products that also help customers achieve their goals in sustainability and LEED certification.

LEAN, ENVIRONMENTALLY-CONSCIOUS PROCESSES & SYSTEMS

Anova embraces lean manufacturing principles to drive greater efficiency and reduce energy consumption and waste. Every single day we all gather together to discuss how to drive waste out of the business in every way.

With manufacturing locations centrally located in the Midwest, nearly all product components come from suppliers less than 200 miles from our facilities. A majority of products ship to job sites within a 500-mile radius from our locations, shipping in recyclable cardboard or recycled skids.

RECYCLED MATERIALS

We manufacture our furnishings with environmentally-friendly practices and use recycled materials whenever possible. We aim to increase our use of recycled materials, as well as the number of our products that encourage consumers to recycle.

On average, the steel used in our products is made of 70% recycled material and our aluminum extrusions are 85% recycled material.

Our recycled plastic lumber has a 95% recycled content by weight with at least 90% of that coming from post-consumer content. This recycled plastic lumber does not emit or contain any VOC materials, and is considered to be low- or non-toxic.

SUSTAINABLE MATERIALS

Our newest materials addition is Thermory,® which is thermally-modified North American White Ash hardwood. It is sustainably-harvested and is considered a renewable temperate hardwood. We are proud to feature this environmentally-friendly hardwood as a great sustainable alternative to commonly used tropical rainforest hardwood.

RECYCLABLE/LONG LASTING PRODUCTS

The metals and plastic used on Anova products not only contain recycled content, but can be recycled, as well. The wood and stone material found on various products in the line can also be recycled. Many of our products break down into components to make recycling easier.

Anova designs products with high quality, low-maintenance materials and finishes. For example, products with our exclusive proprietary Fusion Advantage clean without chemicals and still maintain a beautiful finish. Most importantly, our products are built to last a very long time. Going well beyond the 5- or 7-year warranty, many customers have had our products in service for more than 20 years. That long life translates into minimized environmental impact.

Fusion Advantage™

Superior Resistance to the Elements

Anova's patented finish technology is one of the strongest, most sophisticated innovations in modern outdoor furniture.

PRIMED STEEL

We begin with heavy-duty steel to provide a solid foundation.

PLASTISOL COATING

A thick plastisol coating is permanently fused to the steel foundation, creating an impervious rust-proof barrier. The oven-cured plastisol has an average thickness of ¼", including top and bottom coatings.

POWDER COATING

Finally, the plastisol is encapsulated with a richly tinted, high-performance powder coating that creates a seal against the elements and provides a finish that is unmatched in durability.

SEVEN-YEAR WARRANTY

Furnishings protected by the Fusion Advantage are guaranteed for 7 years against rusting, fading, peeling, chipping, cracking, mold and mildew. See full details on multi-year warranties on page 104.

COLORS AND FINISHES

Available in textured and glossy colors shown at *anovafurnishings.com/patterns*. Custom colors available (call for pricing).

Proven Protection

Tabletops, seating surfaces and receptacle bases protected by the Fusion Advantage are resistant to fading and UV damage; largely un-affected by common acids, salts, and seawater; and resistant to mold, mildew, and fungus. Your furnishings will stay looking new — guaranteed.

Recycled Plastic

Commercial Grade & Maintenance-Free

Premium recycled plastic is exceptionally strong, dense and durable and is amazingly care-free.

Anova uses only premium recycled plastic planks in all of our furnishings. Premium recycled plastic utilizes a pressed manufacturing process to eliminate any voids in the material. (Inferior recycled plastic often has a sunken appearance due to off-gassing of the interior.)

OUR PREMIUM RECYCLED PLASTIC IS

- 95% recycled content by weight
- At least 90% of its material comes from post-consumer content
- Does not emit or contain any VOC materials
- Considered to be low- or non-toxic
- Fade-resistant color is uniform throughout the plank

TWENTY-YEAR WARRANTY

20-year limited structural warranty. See full details on multi-year warranties on page 97.

COLORS

Available in colors shown at *anovafurnishings.com/patterns*.

Thermory®

Thermally-Modified Hardwood

Utilizes 100% natural wood processed using only high heat with no chemicals — resulting in increased durability and stability.

Thermory planks are made from thermally-modified North American White Ash, a sustainably-harvested and renewable temperate hardwood. It is sourced from North American and Northern European temperate forests with responsible practices to prevent deforestation. This environmentally-friendly hardwood is an exceptional alternative to commonly used tropical rainforest hardwoods.

THE PROPRIETARY PROCESS:

Thermal modification process completely removes moisture from the wood without the use of chemicals. Next, the wood is exposed to temperatures of 419°F and steam is added to re-introduce moisture to the wood.

- Delivers Class 1 durability (25+ years).
- Minimizes cracks, brittleness and color differences in the final product

TEN-YEAR WARRANTY

Limited ten-year structural warranty. This exceeds our competitors natural wood components warranty, which is 3-5 years. See full details on multi-year warranties on page 104.

FINISHES

Thermory planks are a lustrous chocolate brown color when new, and will naturally age to a uniform silver/gray over time. To maintain the original color for longer, you must regularly apply standard deck oil, such as Cutek Extreme Wood Protection Oil.

Green Theory

Planters

Anova is excited to announce a partnership with Green Theory Design, Canada's leader in indoor and outdoor custom planters.

ANOVA + GREEN THEORY DESIGN

Anova's new partnership with Green Theory Design allows us to offer exceptional, modern planters through our network that meet the needs of demanding design professionals. Green Theory fits beautifully with the Anova brand based on their passionate emphasis on quality, craftsmanship, fast turnaround and customization.

Green Theory is recognized by their ability to transform spaces into rewarding natural experiences. This partnership allows direct collaboration with landscape architects to create cohesive, beautiful designs that bring communities together.

Planter RECTANGLEHIGH40ALDL — shown in custom color orange.

PLANTERS PERFECT

Designed for durability and performance, these impressive aluminum planters are perfect for creating separate seating areas or adding a beautiful living accent to the feel of your space.

CIVILIAN

Coming Soon: Sophisticated with a modern and playful edge, Civilian planters feature handcrafted shapes in a variety of sizes. Light, resilient and cost effective, the Civilian line provides luxury without sacrificing longevity.

OLLIE

Coming Soon: Planter accessories designed to make caring for commercial planters simple and worry-free.

CUSTOMIZATION: MEET IVY

Ivy is Green Theory's interactive software that allows anyone to create a custom planter instantly. You will receive Sketchup, CAD and full specifications within minutes!

Planters are available in colors shown at *anovafurnishings.com/patterns*.

Planters ROUND1818ALDL and ROUND2432ALDL — shown in sueded bronze and white.

Impressions

Modern | Classic

From mid-century minimal to new-century chic, the **Modern Portfolio** features fresh, exciting forms.

Pages 10 - 59

Timeless designs updated with new insights on ergonomics and comfort — the **Classic Portfolio** is inherently elegant and enduring.

Pages 60-71

Infinity

Modular Seating

Graceful Infinity seating adds movement and infinite possibilities to public areas. Available in a number of standard configurations that include curves and straight stretches, Infinity can also be customized with multiple curves and lengths.

COLTS CANAL PLAYSPACE INSTALLATION — INDIANAPOLIS, IN. Curved Bench INF24C1290T — shown in Thermory and galvanized steel

COLTS CANAL PLAYSPACE INSTALLATION — INDIANAPOLIS, IN.
Curved Bench INF24C12120T — shown in Thermory and galvanized steel

Curved INF24C1212OR

Linear INF24L10R

FEATURES

Galvanized steel frame won't rust, fade, peel, chip, crack, mold or mildew. All recycled plastic planks are 95% recycled content by weight. Thermory planks are made from thermally-modified North American White Ash and will naturally age to a silver/grey color if left untreated. Benches are portable/surface mount style. Available in numerous sizes shown at anovafurnishings.com/infinity.

Guardian

Tree Guards

Vital in urban areas, Guardian tree guards are a beautiful way to protect your trees and plants from pedestrians, pets, bicyclists and car door impacts.

Tree Guard GT3844CING — shown in textured black

FEATURES

All steel components are protected with a powder coated finish to resist rusting. Steel patterns available in Classic or Stix. Legs for inground installation must be mounted in concrete that extends below the frost line. Modular, scalable design is available in custom configurations. Available in colors and steel patterns at anovafurnishings.com/guardian.

Tree Guard — Classic Pattern *Heavy-gauge steel construction.*

Tandem

Benches | Lighting

Intriguing design highlights the Tandem collection, with four different and dramatic laser cut patterns to choose from. These unique designs evolved from the imaginative viewpoint of landscape architects.

GLOVER PARK INSTALLATION — GLEN ALLEN, VA. 6' Perspective Contour Bench TAN3280P — shown in textured charcoal and textured pewter

6' Totem Contour Bench TAN3280T with optional light kit A1022 — shown in textured yellow and gray

Totem Pattern TAN3280T

Totem Bench seat and back laser cut pattern hides objects for a whimsical scavenger hunt designed by Hana Ishikawa — Site Design, Chicago, IL.

Perspective Pattern TAN 3280P

Perspective Bench seat and back laser cuts are inspired by a shimmering moiré pattern designed by Adam McCollister and firm — Dix-Hite, Longwood, FL.

FEATURES

Aluminum and steel components are protected with a powder coated finish to resist rusting. Benches are portable/surface mount style. Available in colors shown at anovafurnishings.com/tandem.

Benches *Heavy-gauge, laser-cut steel seat with cast aluminum ends.*

4' Perspective Contour Bench	TAN3284P	35"H × 22"W × 49"L	121 lbs.
6' Perspective Contour Bench	TAN3280P	35"H × 22"W × 72"L	160 lbs.
6' Totem Contour Bench	TAN3280T	35"H × 22"W × 72"L	166 lbs.

Optional Light Kit *The LED light kit allows for integration with the Tandem bench and disperses a beam of light approximately 14'L and 22"W. The 3-light kit also disperses an additional upward beam of light that is 150° and approx 40"W . Colors and full details available at anovafurnishings.com/tandem.*

2-Light Owl LED Kit, Warm White 3000K	A1022	5 lbs.
3-Light Owl LED Kit, Warm White 3000K	A1023	6 lbs.

Contour bench TAN3280MR in the Mountain Range pattern — shown in textured orange and gray

Mountain Range Pattern TAN3280MR

Mountain Range seat and back laser cuts are inspired by the silhouette of a mountain range designed by Jonathan Danieu — RNL Design, Denver, CO.

FEATURES

Aluminum and steel components are protected with a powder coated finish to resist rusting. Benches are portable/surface mount style. Available in colors shown at anovafurnishings.com/tandem.

Benches *Heavy-gauge, laser-cut steel seat with cast aluminum ends.*

6' Mountain Range Contour Bench	TAN3280MR	35"H x 22"W x 72 "L	166 lbs.
6' Fractured Movement Contour Bench	TAN3280FM	35"H x 22"W x 72"L	181 lbs.

Contour bench TAN3280FM in the Fractured Movement pattern — shown in textured purple and gray

Fractured Movement Pattern TAN3280FM

Fractured Movement seat and back laser cuts are inspired by the movement of sweeping geometric shapes designed by Chris Behringer, Nicole Peterson & Tiffany Navratil — BPN Design Group, Golden Valley, MN.

GLOVER PARK INSTALLATION — GLEN ALLEN, VA. 12' Contour Bench with center armrest TAN3486P — shown in textured pewter and textured charcoal

FEATURES

Aluminum and steel components are protected with a powder coated finish to resist rusting. Benches are portable/surface mount style. Available in colors shown at anovafurnishings.com/tandem.

Perspective Benches in Various Lengths *Heavy-gauge, laser-cut steel seat with cast aluminum ends.*

6' Perspective Contour Bench w/center armrest	TAN3483P	35"H x 22"W x 72"L	189 lbs.
8' Perspective Contour Bench w/center armrest	TAN3484P	35"H x 22"W x 96"L	225 lbs.
12' Perspective Contour Bench w/center armrest	TAN3486P	35"H x 22"W x 142"L	297 lbs.

6' Perspective Contour Bench TAN3483P w/center armrest

8' Perspective Contour Bench TAN3484P w/center armrest

Airi

Tables | Chairs | Benches | Receptacles | Recyclers

Organically modern, Airi products showcase contemporary form. Two unique architectural patterns are available in leaf or stix patterns.

DISCOVERY PARK INSTALLATION — PARKER, CO. Contour Bench AL1980WR — shown in mahogany and textured pewter

FEATURES

Steel and aluminum components are protected with a powder coated finish to resist rusting. All recycled plastic planks are 95% recycled content by weight. Thermory planks are made from thermally-modified North American White Ash and will naturally age to a silver/grey color if left untreated. Wall mount style mounts on the top of a wall. Available in colors shown at anovafurnishings.com/allure.

Wall Mount Benches *Thermory, recycled plastic or aluminum planks with aluminum accents, steel frame and cast aluminum ends.*

6' Thermory Contour Bench, Wall Mount	AL1980WT	20"H x 24"W x 73"L	91 lbs.

Tuscany

Tables | Chairs

Tuscany tables and chairs sport a minimalist design that delivers maximum impact. Slim steel accents complement your choice of premium Thermory planks or maintenance-free recycled plastic lumber.

Bistro Table T2237T and Chair T2235T — shown in Thermory and textured pewter

Bar Height Table T2247R and Bar Height Chair T2245R — shown in mahogany and textured pewter; Planter BH1850PR shown on page 37

FEATURES

Steel components are protected with a powder coated finish to resist rusting. All recycled plastic planks are 95% recycled content by weight. Thermory planks are made from thermally-modified North American White Ash and will naturally age to a silver/grey color if left untreated. Available in colors shown at anovafurnishings.com/tuscany. *ADA-compliant.

Tables *Thermory or recycled plastic planks with steel frame. 34"W x 36"L table top.*

Upside

Receptacle | Recycler

The Upside indoor/outdoor receptacle and recycler present a sloping silhouette with ergonomic function. A removable tilt-out bin is framed by an impact-resistant enclosure. This means trash can easily be emptied from the bin without the need for vertical lifting or the hassles caused by moving parts on side-door style receptacles.

Coming Soon

The Canyon Seating Collection

GABION-STYLE BENCHES AND STOOLS. Designed to integrate seamlessly with nature, Canyon seating allows the designer to incorporate natural stone from their environment into beautifully finished seating. Available in steel with the Fusion Advantage finish, recycled plastic, or Thermory hardwood.

Innovative Protection

You probably already know about our patented Fusion Advantage finish technology that protects against rusting, fading, peeling, chipping, cracking, mold and mildew for seven years, guaranteed.

Soon we will have big news about our latest innovation...stay tuned.

DESIGN INTEGRATION

At Anova, we control the entire design, engineering, and manufacturing process. Whether we are engineering benches to carry 200 pounds per linear foot or fine-tuning the angle of back support, our commitment to quality never wavers.

CUSTOMIZATION

In order to help our clients create the perfect space, we offer custom and commemorative options on select benches, receptacles, tables, and bike racks.

Anova's design team will work with you to create furniture that reflects the personality of your business, school, or community.

LIMITATIONS

All warranties commence on the date the product is shipped.

Structural warranties are only valid if the product has been assembled and installed per the instruction provided with each shipment and item.

These warranties do not cover acts of misuse, abuse, accidents, lack of maintenance, vandalism or natural disasters.

Any alterations to the product after delivery will void these warranties.

Should any failure occur within these periods, ANOVA will correct the part or parts by repairing or replacing the defective parts.

Responsibily printed using UV inks that are free of solvents. Curing using LED UV eliminates the release of VOCs (volatile organic compounds) and avoids the environmental issues caused by them. Heat, ozone and mercury are eliminated from the press rooms, making them safer and improving overall environmental impact.
Sterling Premium Cover contains 10% post-consumer recycled fiber content.
