

BH1811B — Beacon Hill Bamboo Contour Chair with Pedestal Base

Contour chair with bamboo planks and pedestal style base with surface mount plate

Material

The contour chair is 36.23" tall and has a seat composed of aluminum and steel plates with 1" x 3.5" (1" x 4" nominal dimensions) bamboo planks. The chair is designed to support 200 lbs. per linear foot.

The pedestal base is made of 2.38" O.D. steel tubing and features a 6.50" square steel mounting plate with predrilled .38" diameter holes for surface mounting to prevent movement.

Surface mounting is required; mounting hardware is not included.

Mature exterior grade bamboo is selected from sustainably harvested sources and engineered into planks using low V.O.C. adhesives. Planks feature a Janka hardness rating of 1450 that is superior to teak. Bamboo has 20% more stability in climate and temperature changes than commonly used timber. Bamboo has a Class A fire rating—ASTM E 84 Surface Burning.

Finish

Fade-resistant, powder coated steel and aluminum components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Bamboo planks feature a UV-resistant stain.

Color

See website or sales representative for color choices.

Assembly

The seat ships pre-assembled and will require assembly to the base. Stainless steel assembly hardware is included.

Maintenance

See annual maintenance program.

Warranty

10-year limited structural warranty on bamboo with annual maintenance program
