

**BH1845B — Beacon Hill Bamboo Receptacle with Open Top****45-gallon receptacle with bamboo planks, open top, plastic liner and rubber feet****Material**

The receptacle is 35.01" tall and is composed of nominal 1" x 4" bamboo planks with choice of horizontal or vertical plank placement and an extruded aluminum frame. Flexible modular design allows for customization; call for information.

Mature exterior grade bamboo is selected from sustainably harvested sources and engineered into planks using low V.O.C. adhesives. Planks feature a Janka hardness rating of 1450 that is superior to teak. Bamboo has 20% more stability in climate and temperature changes than commonly used timber. Bamboo has a Class A fire rating—ASTM E 84 Surface Burning.

The top is made from 11-gauge steel with a 12.63" square waste opening and lifts off for easy waste disposal.

The receptacle is designed to be portable for flexibility in placement or surface mounted using .5" predrilled holes in the base to prevent movement. The rubber feet are adjustable to assist in leveling the receptacle. The reusable plastic liner is made of high-density polyethylene. The mounting hardware is not included.

**Finish**

Fade-resistant, powder coated steel and aluminum components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Bamboo planks feature a UV-resistant stain.

**Color**

See website or sales representative for color choices.

**Assembly**

The receptacle ships fully assembled and ready for use.

**Maintenance**

See annual maintenance program.

**Warranty**

10-year limited structural warranty
