

BRPSURF104 BIKE RACK

8-bike steel loop bike rack with vertical legs, portable/surface mount

Material

The bike rack is composed of 2.38" O.D. steel tube support sections. The loops are made of .5" O.D. steel rods welded at 7" intervals to accept all bike hub widths. The bike rack is protected by a fade resistant powder coat finish featuring a state of the art primer proven to prevent rusting.

The bike rack is 20.72" wide, 72.38" long, and 37.18" tall. Bikes may enter from either side and the rack will accommodate up to eight bikes. The bike rack is portable, allowing for flexibility in placement and the legs have predrilled tabs to allow for surface mounting to prevent movement.

Finish

Fade-resistant powder coated steel components feature a state-of-the art primer proven to prevent rusting. Treated components exceed industry standard by 34% in testing by independent sources.

Color

See website or sales representative for color choices.

Assembly

Some assembly is required.

Maintenance

Maintenance-free. To clean, spray with a power washer.
