

**CR2784T — Coronado Thermory® 4' Contour Bench**

**4' contour bench with Thermory planks with aluminum accents and cast aluminum armrests and legs**

**Material**

The 4' contour bench is composed of 1" x 3.5" (1" x 4" nominal dimensions) Thermory vertical planks with aluminum accents and cast aluminum armrests and legs. The armrests have individual right end and left end orientations. The bench is 51.54" long and will support 200 lbs. per linear foot.

The bench is designed to be portable for flexibility in placement or surface mounted using pre-drilled .50" diameter holes in feet to prevent movement. Optional mounting hardware is available.

Low-maintenance Thermory is made from thermally-modified North American White Ash—a sustainably-harvested and renewable temperate hardwood. It is an environmentally-friendly hardwood and a great alternative to commonly used tropical rainforest hardwoods because of its dimensional stability and Class 1 durability (25+ years). Thermory has a lower carbon footprint than tropical hardwoods.

**Finish**

Fade-resistant, powder coated aluminum components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Thermory is a lustrous chocolate brown color when new and will naturally age to uniform silver/gray over time. The color-changing process begins immediately and varies with the amount of UV-exposure.

**Color**

See website or sales representative for color choices.

**Assembly**

The bench ships fully assembled and ready for use. Assembly includes stainless steel hardware.

**Maintenance**

Clean with mild soap and water. Let dry thoroughly. To maintain original color, regularly apply standard deck oil, such as Cutek® Extreme Wood Protection Oil.

**Warranty**

10-year limited structural warranty from the date of purchase.
