

D1159 VERANDA BAR HEIGHT TABLE

bar height 36 in. diameter
perforated steel table, traditional
edge, in ground mount

Material

The table top is 36.25" in diameter and is made of 12-gauge perforated steel with a .56" diameter uniform hole pattern. The table top is plastisol coated with an average thickness of .125" and finished with a high-gloss patented TopCoat®.

The table support is 3" O.D. steel tubing protected with a powder coat finish. Recommendation for in ground mounting: 4" concrete slab is required for mounting. The support tube must be installed 4" into grout footing. Grout mixture is included.

Finish

TopCoat™ patented high-gloss finish resists UV deterioration, mildew, staining and fading.

The TopCoat finish has been tested to the requirements of ASTM E 1354 and is determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

Color

This product is available in the following colors: Black, Blue, Bronze, Brown, Burgundy, Camel, Charcoal, Evergreen, Gray, Navy, Orange, Purple, Red, Sage, Silver, Slate, Teal, Vanilla, White, and Yellow. Base and support tube available in black wrinkle powder coat finish.

Assembly

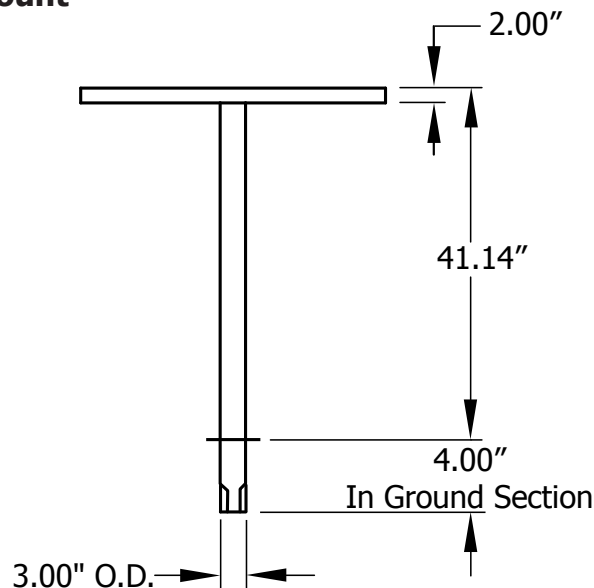

The table requires some assembly and includes the assembly hardware.

Maintenance

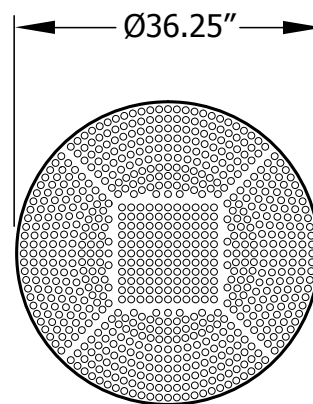

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

Warranty

This product is covered by a 20-year limited structural warranty with a 7-year finish warranty from the date of purchase.
