

## E30TPABT — Element 30 Gallon Trash Receptacle with Bonnet Ash Top

**30-gallon trash receptacle with steel panels, bonnet ashtray top, plastic liner and rubber feet**

Oval pattern shown.

### Material

The 30-gallon receptacle is composed of 14-gauge steel panels supported by a non-rusting aluminum frame. The steel panels feature a choice of three uniformly spaced architectural perforated patterns. The available patterns are ovals, parquet, or embossed.

The bonnet ashtray top is made of a non-rusting aluminum frame with a high-density polyethylene, 13" square by 1.5" deep built-in ashtray. Ashtray includes a generous supply of black beauty sand substitute. The top lifts off for easy trash removal. Receptacle includes rubber feet and a reusable plastic liner made of black high-density polyethylene.

The receptacle is designed to be portable for flexibility in placement or surface mounted to prevent movement; optional hold down kit is available.

### Finish

Fade-resistant, powder coated steel panels feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

### Color

See website or sales representative for color choices.

### Assembly

The receptacle ships fully assembled and ready for use. Using the optional hold down kit may require some assembly.

### Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a mild detergent and water solution to remove surface dirt. Do not clean with solvent or petroleum base products.

### Warranty

20-year limited structural warranty with 7-year finish warranty against fading from the date of purchase.

### Replacement Parts
