

F1016
PICNIC TABLE
 8' expanded steel picnic table, multi pedestal, traditional edge, in ground mount

Material

The table is 96.19" long and features two flat bench seats. The table top and seats are 3/4 #9 expanded steel with a diamond shape and feature a traditional edge. The table top and seats are protected by Fusion Advantage™, a plastisol coating with an average .125" thickness and a high-gloss powder coat. The table top is designed to support 100 lbs per square foot and the seats will support 200 lbs per linear foot.

The table top supports and seat supports are made of 4" square tube protected by a fade resistant powder coat finish featuring a state of the art primer proven to prevent rusting. The seat supports are designed to be mounted 15.69" deep and the table top supports are designed to be mounted 19.63" deep for a sturdy support.

Finish

Fusion Advantage is a heat fused plastisol coating that creates an impervious rustproof barrier and resists UV deterioration, mildew, staining and fading.

The finish has been tested to the requirements of ASTM E1354 and is determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

A state of the art primer is applied to all of the under supports, providing extreme rust fighting protection and durability. Treated components exceed the industry standard by 34% in testing by independant sources.

Color

This product is available in the following vibrant colors: Black, Blue, Bronze, Brown, Burgundy, Camel, Charcoal, Evergreen, Gray, Navy, Orange, Purple, Red, Sage, Silver, Teal, Vanilla, White, and Yellow.

Assembly

The table requires some assembly. Stainless steel assembly hardware is included. In ground installation requires site preparation and construction of a temporary support.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.
