

F1111
TRI1111
PICNIC TABLE
46" expanded steel picnic table,
4 flat bench seats with traditional
edge, portable mount

Material

The table is 46.25" square and features four flat bench seats with traditional edges. The table top and seats are 3/4 #9 expanded steel with a diamond shape pattern. Table top and seats are protected by Fusion Advantage™, a plastisol coating with an average .125" thickness and a high-gloss powder coat. The table also features a 1.56" diameter umbrella hole in the center. The table top is designed to support 100 lbs per square foot and the seats will support 200 lbs per linear foot.

The frames are made of 1.66" O.D. steel tubing protected by a fade resistant powder coat finish featuring a state of the art primer proven to prevent rusting. Frame is portable in design allowing for flexibility in placement.

Finish

Fusion Advantage is a heat fused plastisol coating that creates an impervious rustproof barrier and resists UV deterioration, mildew, staining and fading.

The finish has been tested to the requirements of ASTM E1354 and is determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

A state of the art primer is applied to all of the under supports, providing extreme rust fighting protection and durability. Treated components exceed the industry standard by 34% in testing by independant sources.

Color

See website or sales representative for color choices.

Assembly

Table requires some assembly. Stainless steel assembly hardware is included.

TRI1111 model includes tamper resistant and stainless steel assembly hardware.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

Accessories

- 8' Umbrella 7LPU
- 9' Umbrella 9LPU
