

# F3133 10' Expanded Metal Flat Bench

## Traditional Style Edge, Inground Mount Legs

specification sheet

### Description

10' plastisol coated, expanded metal flat bench with inground mount legs.

### Warranty

Seven-year warranty from shipping date.

### Maintenance

Product is virtually maintenance-free and requires only periodic cleaning with sponge and solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base product.

### Options

Bench seat available in high-gloss patented TopCoat: Red, Burgundy, Black, Brown, Grey, Evergreen, Teal, Camel, Blue, White, Vanilla, Purple, Yellow, Bronze, Navy, Orange and Silver. Legs available in same colors in a rust-resistant powder coat finish.

### Included Items

Includes stainless steel assembly hardware.

### Typical Specification

Bench shall be 120.19" in length overall. Seat shall be 3/4 #9 expanded steel with a diamond shape pattern and feature a traditional style rounded edge. Seat shall be plastisol coated with an average thickness of 93 mils and finished with high-gloss patented TopCoat.

Legs shall be 2.38" OD steel tubing protected with FusionGuard rust protection and shall be finished with high-gloss powder coat. Recommendation for inground mounting: 19.75" of the leg tubing shall be installed below ground into concrete footings.

### Technical Data

TopCoat® -- patented high-gloss finish resists UV deterioration, mildew, staining and fading.

TopCoat® -- tested to the requirements of ASTM E 1354 and determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

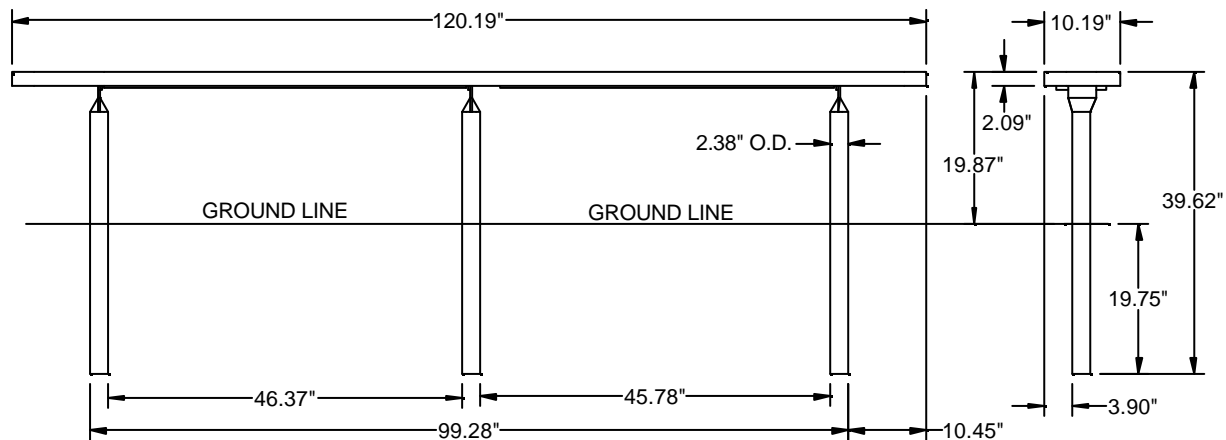

FusionGuard® -- process that ensures all components of under supports are coated with a zinc-rich primer. Under supports treated with FusionGuard resist rust four times longer than conventional powder coat finishes in independent testing.

### Assembly

Bench requires minor assembly.

### Availability

Ships in 10 business days on quantities of 6 or less.
