------------------------	---------------

### Material

The 20-gallon receptacle is composed of .5" thick aggregate and epoxy bonded to a hardboard substrate and supported by a non-rusting aluminum frame. The receptacle features two side openings for easy trash disposal and includes rubber feet and a flat aluminum, 13" square by 1.5" deep, ashtray top. The ashtray top lifts off for easy trash removal. The receptacle comes with a supply of black beauty sand substitute.

The reusable plastic liner is made of black high-density polyethylene.

The receptacle is designed to be portable, allowing for flexibility in placement.

### Finish

The aggregate is cast in a durable epoxy resin that remains clear and bright throughout its life.

### Color

See website or sales representative for color choices.

### Assembly

The receptacle arrives fully assembled for immediate use on site.

### Maintenance

Maintenance-free. To clean, spray with a power washer.
