

**L1336D**  
**ULTRA RECEPTACLE**  
 32-gallon plastisol coated, slotted steel receptacle with liner and plastic dome top

**Material**

The 32-gallon receptacle body is made of 12-gauge slotted steel with a .44" gap slotted pattern. The receptacle is protected by Fusion Advantage™, a plastisol coating with an average .125" thickness and a high-gloss powder coat. The plastic dome top features a 7.44" x 12.50" self-closing push door.

**Finish**

Fusion Advantage is a heat fused plastisol coating that creates an impervious rustproof barrier and resists UV deterioration, mildew, staining and fading.

The finish has been tested to the requirements of ASTM E1354 and is determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

**Color**

See website or sales representative for color choices.

**Assembly**

Attaching the dome top to the receptacle body requires some assembly. Purchase of mounting options may require additional assembly.

**Maintenance**

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

**Warranty**

20-year limited structural warranty with 7-year finish warranty from the date of purchase. See full details on multi-year warranties for components at [www.anovafurnishings.com/warranty.aspx](http://www.anovafurnishings.com/warranty.aspx).
