

LBMT4 — Madison Bamboo Conversation Table**4' table with bamboo table planks and steel frame and legs****Material**

The 4' table is composed of .50" thick formed steel frame and legs with 1.5" x 3.5" (2" x 4" nominal dimensions) bamboo planks for the table top. The table is 48.25" wide and will support 100 lbs per square foot.

The table is designed to be portable for flexibility in placement or surface mounted using predrilled .5" diameter holes in feet to prevent movement. Mounting hardware is not included.

Mature exterior grade bamboo is selected from sustainably harvested sources and engineered into planks using low V.O.C. adhesives. Planks feature a Janka hardness rating of 1450 that is superior to teak. Bamboo has 20% more stability in climate and temperature changes than commonly used timber. Bamboo has a Class A fire rating—ASTM E 84 Surface Burning.

Finish

Fade-resistant, powder coated steel components feature a state-of-the art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Bamboo planks feature a UV-resistant stain.

Color

See website or sales representative for color choices.

Assembly

Some assembly is required. Assembly hardware is included.

Maintenance

See annual maintenance program.

Warranty

10-year limited structural warranty on bamboo with annual maintenance program from the date of purchase.
