SUMMARY SPECIFICATIONS MODEL  
**M77036SQU** NEXUS WOVEN 36" DINING TABLE

Unit Weight: 30 lbs.

light and dark  
contrast due to  
photography  
lighting

**FRAMES:** Frames are covered in ROSEWOOD Weave Color and pattern. Proprietary polyethylene weave material with UV stabilizers. The coloration is throughout the weave and has a very slight ribbed texture to the surface. The weave is hand woven over painted tubular aluminum frame. Rubberized Foot Glides (in addition to the metal clips used where applicable) help hold furniture stationary.

**TABLE TOP SUPPORT:** All tables in the Nexus Collection utilize acrylic glass placed on top of the table top frame prior to weaving. This adds support to the weave surface providing a stable platform. As weave is exposed to the heat of the sun it becomes softer. The acrylic glass underneath eliminates the sagging potential of the weave if weight /objects (plates, drinks, etc.) are place on the table top.

Texacraft® reserves the right to make minor changes or modifications and to discontinue finish color, strap color, fabrics, or styles without notice. Measurements given are approximate. Information provided is as accurate as possible.

The coloration is throughout the weave and has a very slight ribbed texture to the surface. The weave is hand woven over painted tubular aluminum frame. Rubberized Foot Glides help hold furniture stationary. The frame structure incorporates "D" rings which are strategically placed in the back of the seat to allow seat and back pads or cushions to attach to the frame. This model is made of TWO SEPARATE chaise lounges (M77009) that are held together with metal clips.

Texacraft® reserves the right to make minor changes or modifications and to discontinue finish color, strap color, fabrics, or styles without notice. Measurements given are approximate. Information provided is as accurate as possible.

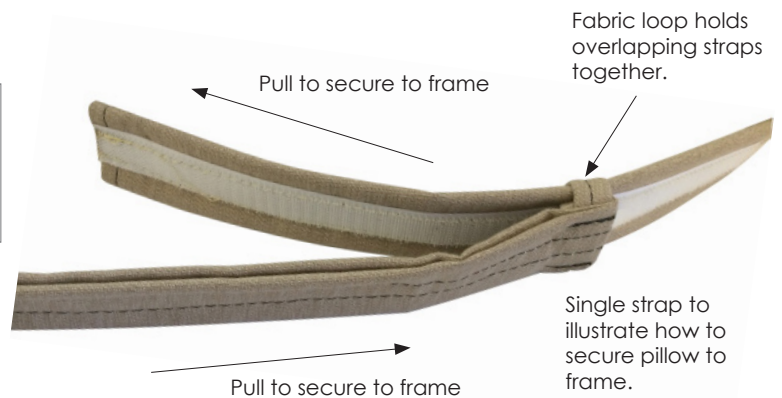

## SUMMARY SPECIFICATIONS MODEL **M1710** NEXUS CHAISE LOUNGE HEAD PILLOW

(This head pillow support affixes to the top back rest of chaise via double velcro straps)

Unit Weight: 1 lb. approx.

**This pillow can be used with or without chaise pad.**

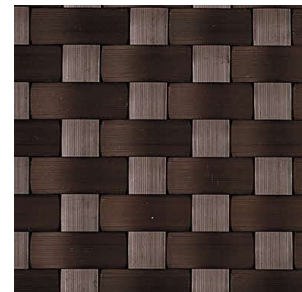

FABRIC: Winston woven vinyl fabrics are made from weather weave, an open weave, vinyl-coated, polyester fiber fabric. Ultraviolet stabilizers have been added to inhibit fading, deterioration and mildew. Woven Blend Fabrics are blends of polyester and solution dyed acrylics that have a soft hand and dry quickly. Ultra Woven Blends are twice the yarns as Woven Blends. Woven Acrylic fabrics are 100% solution dyed acrylics. All fabrics are available in many different grades and variety.

WEIGHT (\*) – Unit weight can vary slightly depending on the grade and type construction fabric that is selected.

Texacraft® reserves the right to make minor changes or modifications and to discontinue finish color, strap color, fabrics, or styles without notice. Measurements given are approximate. Information provided is as accurate as possible.
