Ash Sifter 5" diameter **SIFTER**

Material

The 8-gallon receptacle is composed of 1.5" thick cast aggregate. The receptacle includes an aluminum frame top and ashtray with attached durable plastic cover.

The ashtray is made of high-density polyethylene that will not chip, crack or dent. The ashtray is 1.5" deep by 8" square, it comes with a supply of black beauty sand substitute, and includes a 14" web security strap.

The receptacle features a 22" x 10" graphic insert. The customer can choose between seven different variations of "no smoking" or "smoking area".

The reusable plastic liner is made of black high-density polyethylene.

The receptacle also has adjustable rubber feet to protect flooring and is designed to be portable, allowing for flexibility in placement.

Finish

The aggregate is cast in a durable epoxy resin that remains clear and bright throughout its life.

Color

See website or sales representative for color choices.

Assembly

The receptacle arrives fully assembled for immediate use on site.

Maintenance

Maintenance-free. To clean, spray with a power washer.
