

Material

The 5-gallon receptacle is composed of 1" thick cast aggregate. The receptacle includes rubber feet and a rain bonnet top made of a non-rusting aluminum frame and high density plastic panel. The bonnet top lifts off for easy trash disposal. The receptacle lid also includes a 14" web security strap.

The reusable plastic liner is made of black high-density polyethylene.

The receptacle is designed to be portable, allowing for flexibility in placement.

Finish

The aggregate is cast in a durable epoxy resin that remains clear and bright throughout its life.

Color

See website or sales representative for color choices.

Rain bonnet ashtray top is available in Bronze color or Anodized Aluminum.

Assembly

The receptacle arrives fully assembled for immediate use on site.

Maintenance

Maintenance-free. To clean, spray with a power washer.
