

RCPWC4 WAINWRIGHT CONTOUR BENCH

4' recycled plastic contour bench,
steel frame and end legs

Material

The 4' contour bench is constructed of .38" thick x 4" wide formed steel end legs and frame with 1.5" x 3.5" (2" x 4" nominal dimensions) recycled plastic planks for the seat and back rest. The steel components are protected by a fade resistant powder coat finish featuring a state of the art primer proven to prevent rusting. The bench is 48" long and will support 200 lbs per linear foot. The frame is portable in design allowing for flexibility in placement and the feet have .5" diameter holes to allow for surface mounting to prevent movement.

Finish

Fade-resistant powder coated steel components feature a state-of-the art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

The planks are impervious to moisture and corrosion, do not require the application of sealants or preservatives, and will never need painting or staining throughout the product's life.

Color

The recycled plastic bench is available with Cedar or Mahogany colored planks. The frame and end legs are available in Pewter and Textured Black.

Assembly

Some assembly is required. Assembly hardware is included.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

Warranty

20-year limited structural warranty with 7-year finish warranty from the date of purchase.
