DESCRIPTION

The Era Modular Curved Corner Chair is made with extra-wide aluminum extrusion framing and has extra-thick premium seat cushions. The curved design makes it an eye-catching stand-alone seating element or use it as a graceful bridge between modular pieces. It is the perfect end piece for a modular sectional seating area. With a sleek contemporary style and modular design, the collection allows for endless configurations, and the heavy-weight frame, available in a range of finishes, is built to stand up to windy environments.
