DESCRIPTION

Elevate the alfresco dining experience with the Fountainhead Dining Chair. This mixed materials chair features a full seat and back with slats made of recycled plastic HDPE (High-Density Polyethylene) that is designed to look like natural wood, but (unlike wood) it is low maintenance and impervious to the outdoor elements. The commercial grade adjustable

frame is constructed of solid aluminum for strength and weight. Customize with our selection of three exclusive wood colors and 26 powder coated frame finishes. Add an optional seat pad with all-weather fabric for extra comfort. Pair with Fountainhead Dining Tables.
