### DESCRIPTION

Rest easy in the Fountainhead Chaise Lounge. This mixed materials lounge features a full seat and back with slats made of recycled plastic HDPE (High-Density Polyethylene) that adds all the texture and warmth of natural wood, but (unlike wood) it's low maintenance and impervious to the outdoor elements. The commercial grade frame is constructed of solid aluminum for strength and weight. Customize with our selection of three exclusive wood colors and 26 powder coated frame finishes.

Add an optional seat pad with all-weather fabric for extra comfort.
