DESCRIPTION

The Fountainhead Ottoman is a versatile companion for outdoor seating areas. Guests can kick up their feet, rest food and drinks or use as extra seating. It features a slatted top made of recycled plastic HDPE (High-Density Polyethylene) that adds all the texture and warmth of natural wood, but (unlike wood) it's low maintenance and impervious to the outdoor elements. The commercial grade frame is constructed of solid aluminum for strength and weight. Customize with our selection of three exclusive wood colors and 26 powder coated frame finishes. Pair with any Fountainhead seating or lounge pieces.
