DESCRIPTION

Add an element of low-profile relaxation for guests beachside or poolside with the Fountainhead Sand/Spa Chair. This mixed materials chair features a full seat and back with slats made of recycled plastic HDPE (High-Density Polyethylene) that adds all the texture and warmth of natural wood, but (unlike wood) it is low maintenance and impervious to the outdoor elements. The commercial grade frame is constructed of solid aluminum for strength and weight. Customize with our selection of three

exclusive wood colors and 26 powder coated frame finishes. Add an optional seat pad with all-weather fabric for extra comfort.
