DESCRIPTION

The M4509S Scandia Sling Chaise Lounge is made from a flat oval aluminum extrusion and can be finished in any of Texacraft's many powder coat finishes. The stacking design of the chaise allows for minimal storage when not in use. Select from any of Texacraft's numerous sling fabrics to create the perfect look for your poolside oasis. The chaise has heavy duty nylon skid plates to eliminate ground to aluminum contact to prolong durability of the chaise lounge.
