### DESCRIPTION

The M35038 Southern Cay Modular Circular Ottoman Unit is another component of the modular seating collection. This furniture is made from a heavy-duty aluminum extrusion and can be finished in any of Texacraft's powder coat finishes. The M35038 can be used as a transition piece between other units or two placed together to form a half circle loveseat and 4 placed together to form a circular bed. Select from among Texacraft's broad range of cushion fabrics to create a striking look.
