DESCRIPTION

The M35022 Southern Cay Modular Circular Double Chair Unit is another component of the modular seating collection. This furniture is made from a heavy-duty aluminum extrusion and can be finished in any of Texacraft's powder coat finishes. The M35022 can be used as a stand alone piece or joined with other component pieces to form a shape of your particular space. Accompany this piece with two ottomans for a large lounge. The low profile, contemporary styling is very comfortable in a casual, lounge setting. Select from among

Texacraft's broad range of cushion fabrics to create a striking look.
