DESCRIPTION

The M35008 Southern Cay Modular Square Ottoman Unit is another component of the modular seating collection. This furniture is made from a heavy-duty aluminum extrusion and can be finished in any of Texacraft's powder coat finishes. The M35008 can be used as a typical ottoman or as a transition piece between other units. Attach 4 together to form a square daybed. Select from among Texacraft's broad range of cushion fabrics to create a striking look.
