### DESCRIPTION

The M4006 Splash Nesting Sand Chair is formed from a heavy-walled, tubular aluminum extrusion. The seat bucket is made from virgin vinyl straps. Ever so comfortable and ever so easy to clean, vinyl strap furniture is the easiest of outdoor furniture to maintain. Select from any of Texacraft's 31 vinyl strap colors and 26 powder coat finishes to create your special look. The M4006 is stackable making storage a breeze when not in use. Although designed for use in the sand because of its sled base design, this chair is also perfectly useful poolside for a low, lounging experience.
